Listing of Claims

Claims 1-16 (Cancelled).

Claim 17 (Currently Amended): A cosmetic method of treating human skin by delivering an estrogenic component to said skin, the method comprising applying to the skin a composition ~~containing; according to claim 31.~~

(i) ~~at least 5 μ g/g of an estrogenic component selected from the group consisting of substances represented by the following formula~~

~~in which formula R₁, R₂, R₃, R₄, independently are a hydrogen atom, a hydroxyl group or an alkoxy group with 1-5 carbon atoms; each of R₅, R₆, R₇ is a hydroxyl group; no more than 3 of R₁, R₂, R₃, R₄ are hydrogen atoms;~~

~~precursors capable of liberating a substance according to the aforementioned formula when used in the present method; and~~

~~mixtures of one or more of the aforementioned substances and/or precursors; and~~

Application No. 10/517,509
Paper Dated: November 15, 2007
In Reply to USPTO Correspondence of October 15, 2007
Attorney Docket No. 0470-045922

(ii) ~~a cosmetically acceptable vehicle.~~

Claim 18 (Currently Amended): The ~~method~~ composition according to claim [[17]]31, wherein R₃ represents a hydroxyl group or an alkoxy group.

Claim 19 (Currently Amended): The ~~method~~ composition according to claim [[17]]31, wherein at least 3 of the groups R₁, R₂, R₃, and R₄ represent hydrogen atoms.

Claim 20 (Currently Amended): The ~~method~~ composition according to claim [[17]]31, wherein the precursors are derivatives of the estrogenic substances wherein the hydrogen atom of at least one of the hydroxyl groups has been substituted by an acyl radical of a hydrocarbon carboxylic, sulfonic acid or sulfamic acid of 1-25 carbon atoms; tetrahydrofuranyl; tetrahydropyranal; or a straight or branched chain glycosidic residue containing 1-20 glycosidic units per residue.

Claim 21 (Previously Presented): The cosmetic method according to claim 17, wherein the composition is applied in an effective amount to enhance proliferation of fibroblasts and/or epidermal skin cells.

Claim 22 (Previously Presented): The cosmetic method according to claim 17, wherein the composition is applied in an effective amount to improve skin thickness and/or skin elasticity.

Claim 23 (Previously Presented): The cosmetic method according to claim 17, wherein the composition is applied in an effective amount to improve or prevent the condition of wrinkled, lined, dry, flaky, aged or photodamaged skin.

Application No. 10/517,509

In Reply to USPTO Correspondence of October 15, 2007
Attorney Docket No. 0470-045922

Claim 24 (Currently Amended): The ~~cosmetic method~~ composition according to claim [[17]]31, wherein the composition contains at least 10 $\mu\text{g/g}$ of the estrogenic component.

Claim 25 (Previously Presented): The cosmetic method according to claim 17, wherein the composition is applied to facial skin or skin of the neck.

Claim 26 (Previously Presented): The cosmetic method according to claim 17, wherein the composition is applied at least once a day during a period of at least 3 days.

Claim 27 (Previously Presented): The cosmetic method according to claim 17, wherein virtually all of the composition that has been applied to the skin, is allowed to penetrate said skin.

Claim 28 (Currently Amended): A method of treating or preventing vaginal dryness, wherein the method comprises applying to the vaginal epithelium a composition ~~containing:~~ according to claim 31.

- (i) ~~at least 5 $\mu\text{g/g}$ of said estrogenic component; and~~
- (ii) ~~a cosmetically acceptable vehicle.~~

Claim 29 (Currently Amended): A method of promoting wound healing, wherein the method comprises applying to the wounded tissue or to tissue in the vicinity of the wound a composition ~~containing:~~ according to claim 31.

- (i) ~~at least 5 $\mu\text{g/g}$ of said estrogenic component; and~~
- (ii) ~~a cosmetically acceptable vehicle.~~

Claim 30 (Currently Amended): A method of treating or preventing acne, wherein the method comprises applying to the skin that is affected by acne or that is at risk of being affected by acne a composition ~~containing:~~ according to claim 31.

- (i) ~~at least 5 $\mu\text{g/g}$ of said estrogenic component; and~~

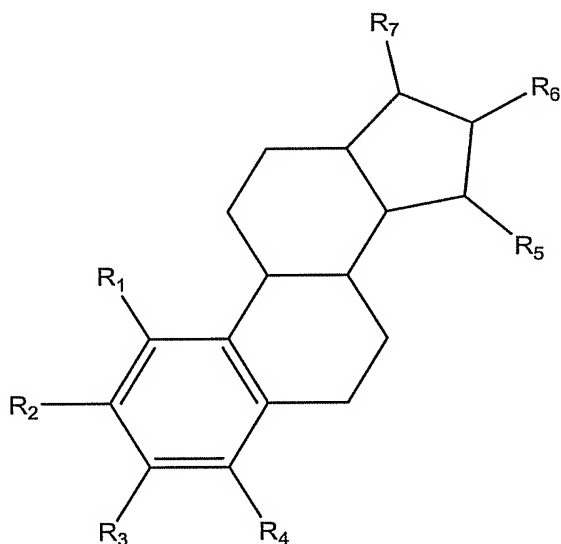

Application No. 10/517,509
Paper Dated: November 15, 2007
In Reply to USPTO Correspondence of October 15, 2007
Attorney Docket No. 0470-045922

(ii) ~~—a cosmetically acceptable vehicle.~~

Claim 31 (Currently Amended): A skin care composition for topical administration containing:

(i) ~~—at least 5 $\mu\text{g/g}$ of an estrogenic component as defined in claim 17; and~~

(i) at least 5 $\mu\text{g/g}$ of an estrogenic component selected from the group consisting of: substances represented by the following formula

in which formula R₁, R₂, R₃, R₄, independently are a hydrogen atom, a hydroxyl group or an alkoxy group with 1-5 carbon atoms; each of R₅, R₆, R₇ is a hydroxyl group; no more than 3 of R₁, R₂, R₃, R₄ are hydrogen atoms;

precursors capable of liberating a substance according to the aforementioned formula when used in the present method; and

mixtures of one or more of the aforementioned substances and/or precursors; and

(ii) a cosmetically acceptable vehicle.

Application No. 10/517,509

Attorney Docket No. 0470-045922

Claim 32 (Previously Presented): The skin care composition according to claim
31, which composition is a lotion, salve or a cream.
